Hi, my name is _____. I am eager to restore faith and integrity in our nation. I am calling to show my support for The Human Rights Effort Resolution to host a modern-day constitutional convention.

We are encouraging Congress to propose an amendment to the states that would call for a constitutional convention. Our amendment offers the election of an entirely new body to convene on updating our constitution and social framework.

It is important to me that my neighbors and I have a say in the framework that governs our day-to-day operations. Please encourage your member to review and support our Resolution.

More information about our movement can be found at thehumanrightseffort.com.

Thank you for your time & service.
